### **DOURO - LUIS SEABRA VINHOS**

Luis Seabra wines are of *"real distinction and class"*. They are superb wines from a winemaker at the top of his game and with complete control of his craft. Luis Seabra is considered a Portugal wine legend. His wines are sleek, aromatic with sensational levels of fruit, beautiful purity, and overflowing charm. Luis has gained a global reputation for producing wines with finesse and has been garnering praise from critics across the globe. All Luis Seabra wines are well rated by both Wine Advocate and the Wine Spectator.

Luis is the owner of Luis Seabra Vinhos. After spending his early years as a professor at the Universidade de Tras-os-Montes e Alto Douro and a lead wine maker with Niepoort, he took the plunge and invested in historic and revered estates in the Douro with vines ranging from 30 to 90+ years in age planted on schist. From these estates, Luis curates a range of special red and white wines. Luis is gaining a loyal following, resulting in these boutique cuvées becoming increasingly difficult to find.

Limited supply, fantastic reputations and a consistent flow of excellent ratings have made many of Luis Seabra wines 'must-haves' for collectors and drinkers alike and Premium Portugal Wines has a superb selection available in British Columbia.
